

2024

# 25 YEARS IN THE MUCK

*ISLE OF MUCK, SCOTLAND*

2024 marks the 25th anniversary of the Original Muck Boot Company. Since 1999, we have had the freedom to innovate, experiment, and test our products in every single element—because outside, there are way more than four seasons. That’s why we’ve designed each of our styles to work hard for every task and brave every condition—so you can be protected, productive, and always in your comfort zone, no matter the weather.

To celebrate this milestone, we traveled to the Isle of Muck—a remote island off the Western coast of mainland Scotland to demonstrate the durable nature of our footwear. We captured the stories of individuals whose Muck Boots are essential to their day-to-day success in the most aptly named location on the globe.

## **PURSUIT** Sport, Hunt

No matter the terrain you're covering, these boots were designed to go the distance. Whether tracking, wading, mudding or walking for miles.

## **UTILITY** Work

Ready to take on any job, and the promise to see it through. These are the boots that were made to work hard, feel great and keep you protected.

## **LIFE** Garden, Everyday

Built for life in the Muck. Lightweight, versatile and comfortable footwear for every season. Flower bed building, picking, digging, beekeeping, clipping, and more.

## **OUR PROMISE**

We are dedicated to building footwear that is **100% MUCKPROOF**: remarkably protective, exceptionally comfortable, and totally waterproof. Constructed from premium rubber, neoprene and leather materials, designed to brave every element.

# **MEN'S PURSUIT**

## ALPHA PURSUIT

The new Alpha Pursuit is built for high endurance exploration and all terrain adventure. 100% waterproof, 100% MUCKPROOF, the lace up construction provides a tailored fit while the MuckSkin overlays give additional protection without adding unnecessary weight. The notched heel collar eliminates Achilles fatigue and the rubber heel reinforcement keeps your feet always protected. This boot has a midsole made from BioLite, a best-in-class, eco-friendlier lightweight foam, as well as an aggressive rubber outsole for better traction and debris dispersion.

# ALPHA PURSUIT

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ 3MM neoprene bootie for comfort and performance
- ◆ 8" boot with lace up construction for a tailored fit
- ◆ MuckSkin overlays for reduced weight without sacrificing protection
- ◆ Molded PU insert with memory foam for superior underfoot comfort
- ◆ BioLite foam midsole wrapping up to counter
- ◆ Notched heel collar to eliminate Achilles fatigue
- ◆ Rubber heel reinforcement for protection and durability
- ◆ Rugged rubber outsole for all terrain traction and debris dispersion
- ◆ bioDEWIX™ Dry footbed insert topcover with NZYM™ for odor control and moisture management

## VIPER MAX

Inspired by the Wetland PRO Snake, the all new Viper Max features an even stronger full height snake resisting textile with a sheet rubber upper. Whether you're in snow or ice, the 3D breathable airmesh lining and 5mm neoprene bootie will keep you comfortable and dry all day long. The 15" height provides optimal leg protection, while the self-cleaning MS-1 lug outsole is excellent in mud, snow and dirt.

# VIPER MAX

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ 5MM neoprene bootie for comfort and performance
- ◆ 3D airmesh lining for breathability
- ◆ Snake resisting textile to the toe with sheet rubber upper
- ◆ EVA midsole for added comfort and ground insulation
- ◆ Self-cleaning MS-1 lug outsole is excellent in mud, snow and dirt
- ◆ bioDEWIX™ Dry footbed insert topcover with NZYM™ for odor control and moisture management
- ◆ ASTM rated F2892-18 EH

# PATHFINDER

Built for pursuit in cold weather conditions, the Pathfinder finds itself at home in a variety of environments. 100% Waterproof and 100% MUCKPROOF, the 5mm neoprene bootie is designed for comfort, performance, and all day wear. Inspired by the flexibility of the Apex Pro, this boot is equipped with flex notches in the front for added comfort and high-performance. Its stretch-fit topline binding snugly fits your calf to maintain warmth while the safety orange airmesh lining improves breathability. The Pathfinder's reinforced toe tip and heel counter provide durability while the modified rubber bob sole quickly disperses debris.

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ 5MM neoprene bootie for comfort and performance
- ◆ Stretch-fit topline binding snugly fits calf to keep warmth in and cold out
- ◆ Breathable air mesh lining facilitates air circulation
- ◆ Flexed notches for comfort
- ◆ Reinforced toe tip and heel counter provides durability
- ◆ Modified rubber bob sole with innovative lug design quickly disperses debris
- ◆ bioDEWIX™ Dry footbed insert topcover with NZYM™ for odor control and moisture management

## APEX PRO 16" ARCTIC GRIP A.T. TRACTION LUG

The Apex Pro is built for high endurance cool and cold weather pursuits requiring a more athletic and agile boot. 100% waterproof, 100% MUCKPROOF with a Vibram® Arctic Grip A.T. Traction Lug outsole for segment leading grip on variable and icy terrain. Strategically placed rubber overlays provide additional protection along the shin and forefoot without adding unnecessary weight.

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ 5MM neoprene bootie for comfort and performance
- ◆ Thermo Regulating (TR) Fleece, a revolutionary open-fiber technology that wicks away moisture up to 33% better than a standard synthetic fleece to maintain a comfortable temperature range
- ◆ Pull tab provides easy on/off
- ◆ Dual density footbed with memory foam for long lasting comfort
- ◆ Lightweight EVA midsole for all day comfort and support
- ◆ Combining Vibram®'s all-new Arctic Grip All Terrain with XS Trek Evo and their new Traction Lug Technology for added durability and grip on wet and dry surfaces, improving traction by up to 25%

## **HARVESTER**

Get ready to conquer mud and dirt in the Harvester. This boot was constructed from hand laid sheet rubber with a locking nylon strap to keep out mud and dirt while hugging your calf for a personalized fit. Designed to perform on wet and dry surfaces, this boot offers superior traction and a lugged rubber outsole that disperses debris. The molded heel kick off and sidewall shovel wrap protect your foot from damage and fatigue when using tools. All day comfort and support are achieved by our molded PU footbed equipped with memory foam for a solid foundation.

# HARVESTER

- ◆ 100% waterproof, 100% MUCKPROOF

## LIMITED EDITION 25TH ANNIVERSARY CHORE CLASSIC

2024 marks the 25th Anniversary of the Original Muck Boot Company. Since 1999, we've been providing 100% waterproof boots and footwear that withstand the muckiest situations in every season. To celebrate this milestone, we're introducing a limited edition 25th Anniversary Chore featuring our iconic Muck Green, reflective silver highlights, and commemorative logo. We also equipped these boots with a quick cleaning outsole and XpressCool™ lining to keep your feet both protected and dry all day. Built to be 100% waterproof with 5mm neoprene and easy to clean rubber, these boots are designed to withstand every chore for the past 25 years.

## 25TH ANNIVERSARY CHORE CLASSIC

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ 5MM neoprene bootie for comfort and performance
- ◆ Triple toe and quadruple rubber heel reinforcement
- ◆ Easy to clean rubber overlays
- ◆ Durable quick cleaning rubber outsole
- ◆ Steel shank
- ◆ XpressCool™: anti-microbial evaporative cooling lining
- ◆ bioDEWIX™ Dry footbed insert topcover with NZYM™ for odor control and moisture management
- ◆ ASTM rated F2892-18 EH

## CHORE

The Chore Collection truly embodies the Original Muck Boot Company brand, built to always be 100% waterproof and provide excellent comfort, these boots are designed to withstand the muckiest situations. Our consumers expect a lot from the Chore boot, their lives need these boots to exceed their expectations to maximize performance and durability. These boots are constructed from high grade neoprene and layers of hand laid rubber. This collection has kept workers dry and comfortable for more than two decades. This collection has multiple options for consumers various needs, including boots with rear gussets that deliver the same performance and protections as the original style but with an extra 5 inches of calf space for optimal fit and comfort. This line has additional color offerings and heights.

## MUDDER

The Mudder has passed strict independent slip resistance testing with its superior surface traction, designed to perform on wet or dry surfaces. Made with a durable rubber compound, this outsole has specialized tread spacing with lug side profiles that are specifically designed to shed mud and clay. This boot was built specifically to lock the ankle into the back of the boot to reduce heel slip and maintain fit integrity even in the muddiest conditions.

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ Soft, flexible rubber upper provides durable protection
- ◆ Dual density footbed with memory foam for long lasting comfort
- ◆ Extra toe and heel underlays for additional protection
- ◆ Durable rubber outsole for superior traction on variable terrain
- ◆ Oil and gas resistant outsole
- ◆ SRA rated for excellent multi-surface traction
- ◆ bioDEWIX™ Dry footbed insert topcover with NZYM™ for odor control and moisture management
- ◆ ASTM rated F2892-18 EH

## MUCKSTER LITE ANKLE

Inspired by our clog, the Muckster Lite Ankle is a 6" injected foam boot that offers the same support and comfort for all-day wear. Its comfort collar won't irritate your ankle while the independently verified SRC rated slip-resistant outsole features a multi-directional lug pattern. Built from a high-performance, lightweight foam called BioLite, this boot is ultra-durable, easy to clean, and eco-friendlier than many other injection molded foams in the market. BioLite has been granted a Green Leaf certificate by Intertek, an accredited independent 3rd party testing facility, verifying that this product will properly biodegrade in bioreactor landfills. Commercial landfill validated utilizing the ASTM D5511-18 test method, ISO 15985. The Muckster Lite collection offers a lighter footprint for your feet and the planet.

## MUCKSTER LITE ANKLE

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ Lightweight and easy to slip on/off
- ◆ Comfort collar won't irritate ankle
- ◆ One piece BioLite EVA
- ◆ Textured insole for comfort, grip and support
- ◆ Easy-to-clean/hand washable/quick drying material
- ◆ Eco-friendlier BioLite outsole is lightweight, durable, and provides SRC rated slip-resistance. Landfill bio-degradation validated utilizing the ASTM D5511-18 test method, ISO 15985
- ◆ SRC rated for excellent multi-surface slip resistance
- ◆ Biodegradable - up to 3 years in accommodating environment

The Original  
**MUCK**  
BOOT COMPANY

# ORIGINALS TALL

Inspired by our iconic Chore Boot, the Originals is a collection of light-duty, yet essential footwear. 100% waterproof, the full neoprene bootie is wrapped in soft, hand laid rubber designed for comfort and protection. The Originals feature a molded PU footbed with a layer of memory foam, treated with odor control and moisture management, these boots are constructed for maximum underfoot comfort. The collection is built on a rubber outsole with an innovative lug design that provides traction while quickly releasing mud and other debris.

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ 3MM neoprene bootie for comfort and performance
- ◆ Warm lining: soft, insulation, light-weight, performance materials for warmth and comfort - MOTW300, OTW900 & OTW001 only
- ◆ Breathable mesh sandwich-fabric lining improves air circulation - OTW901 only
- ◆ Molded PU insert with memory foam for superior underfoot comfort
- ◆ MuckSkin flexible abrasion resistant rubber coating with neoprene
- ◆ Rubber outsole with innovative lug design provides traction while quickly releasing mud and other debris
- ◆ bioDEWIX™ Dry footbed insert topcover with NZYM™ for odor control and moisture management

## MUCKSTER LITE ANKLE

Inspired by our clog, the Muckster Lite Ankle is a 6" injected foam boot that offers the same support and comfort for all-day wear. Its comfort collar won't irritate your ankle while the independently verified SRC rated slip-resistant outsole features a multi-directional lug pattern. Built from a high-performance, lightweight foam called BioLite, this boot is ultra-durable, easy to clean, and eco-friendlier than many other injection molded foams in the market. BioLite has been granted a Green Leaf certificate by Intertek, an accredited independent 3rd party testing facility, verifying that this product will properly biodegrade in bioreactor landfills. Commercial landfill validated utilizing the ASTM D5511-18 test method, ISO 15985. The Muckster Lite collection offers a lighter footprint for your feet and the planet.

## MUCKSTER LITE ANKLE

- ◆ 100% waterproof, 100% MUCKPROOF
- ◆ Lightweight and easy to slip on/off
- ◆ Comfort collar won't irritate ankle
- ◆ One piece BioLite EVA
- ◆ Textured insole for comfort, grip and support
- ◆ Easy-to-clean/hand washable/quick drying material
- ◆ Eco-friendlier BioLite outsole is lightweight, durable, and provides SRC rated slip-resistance. Landfill bio-degradation validated utilizing the ASTM D5511-18 test method, ISO 15985
- ◆ SRC rated for excellent multi-surface slip resistance
- ◆ Biodegradable - up to 3 years in accommodating environment
- ◆ ASTM rated D5511-18 / ISO 15985-14

# PRODUCT TECHNOLOGY

Our product tenets are deeply woven into our technology, directly translating into three distinct categories: **Protection**, **Traction**, and **Comfort**.

## PROTECTION

### MUCKDRY 100% Waterproof

#### 100% Waterproof

Materials and Construction

#### Muck Leather

100% Genuine Leather

#### MuckSkin

Printed rubber coating that's lightweight flexible and 100% waterproof

#### MuckDry+

An internal waterproof, breathable bootie designed to keep your foot dry and provide all day comfort

### MUCKSHIELD Environmental Protection

#### MuckStop

Nylon collar that provides a customized fit

#### Snake Resisting

Resisting against snake strikes

#### Loc-Tite

Bungee lace with an adjustable lock closure that keeps water and debris out

#### Scent Masking

Lining treatment that blocks odors

### MUCK PROTECT Pro-Grade Protection

#### Met Guard

Extreme Impact Protection

#### Anti-Viral Protection

Tested to meet anti-viral protection standards ASTM F1671 / F1671M - 13

#### Oil Resistant

RDR rubber protects against caustics, solvents, hydrocarbons, oils, fats and acids

#### PR Plate

Puncture resistant plate that delivers safety and comfort

#### Steel Toe

Tested to meet ASTM F2413-18 M/I/C PR EH

#### Guarden

Rubber toe and heel for more durability and extended wear

#### Non-Metallic PR Plate

Non-metallic puncture resistant plate that delivers safety and comfort

#### Comp Toe

Non-metallic protection, tested to meet ASTM F2413-18 M/I/C PR EH

#### CSA

Meets Canadian Standards of Protection

# TRACTION

## MUCKGRIP Commercial Grade Traction

### Slip-Resistant

Exclusive RDR rubber compound grips surfaces, creating sure footing

### SRA

For the traction needed on wet flooring surfaces as tested with soapy water on ceramic tile

### SRC

SRA and SRB combined, for the highest slip resistance that can be achieved, giving you the best in class traction

### Vibram® Arctic Grip A.T.

For wet ice traction coupled with XS Trek Evo adding durability and improved grip on wet and dry surfaces

### Vibram®

Durability and traction on multiple surfaces

# COMFORT

## MUCKCOMFORT FB Footbed Comfort System

### FB1

EVA Footbed

### FB2

Molded PU Footbed

### FB3

Dual-density Footbed with memory foam

## MUCKCOMFORT TC Comfort System

### Breathable Mesh

Sandwich-fabric lining improves air circulation

### Warm Lining

Soft, insulating, lightweight, performance

### BioLite

A revolutionary high performance and eco-friendly injection molded EVA foam that is lightweight, durable, supportive, and provides excellent SRC rated slip resistance

### bioDEWIX™

Dry Footbed insert topcover with NZYM™ for odor control and moisture management

### XPRESSCOOL™

Anti-microbial evaporative cooling liner

### Thermo Regulation (TR) Fleece

A revolutionary open-fiber technology that wicks away moisture up to 33% better than a standard synthetic fleece to maintain a comfortable temperature range

## MUCKCOMFORT TC Recommended Temperature Ratings

**XPRESSCOOL™**

## XPRESS COOL HOW IT WORKS

- 1 As the foot starts to sweat, the Muck XpressCool™ fabric rapidly pulls moisture away from your skin.
- 2 The Muck XpressCool™ lining absorbs and spreads the moisture out across the boot lining to drier areas of the boot to enhance the evaporative drying rate.
- 3 Most importantly, as the moisture is spread and dries, it creates a cooling effect which keeps your feet cool and dry in warm weather.

**BIO  
LITE**

**Bio Lite is a revolutionary high performance and eco-friendlier injection molded EVA foam that is lightweight, durable, supportive, and provides excellent SRC rated slip resistance**

**GREEN LEAF CERTIFICATE OF CONFORMITY**

**TR FLEECE**

### Thermo Regulation (TR) Fleece

A revolutionary open-fiber technology that wicks away moisture up to 33% better than a standard synthetic fleece to maintain a comfortable temperature range.

### TEMP REGULATION MOISTURE MGMT

Spandex and quick-drying polyester yarn use a space-style construction that is **ABRASION RESISTANT** and **ANTIMICROBIAL**

# VIBRAM TRACTION LUG

# MUCK BOOT SOCKS PRODUCT LINE CATALOG

SCAN QR CODE FOR SOCK CATALOG

*Greetings from the Isle of*  
**MUCK**

Muck is celebrating its quarter century birthday on the most aptly named location on the globe—the *Isle of Muck*. We traveled to this remote island off the Western coast of mainland Scotland to celebrate all of the ways you wear and work in our boots. Scan the QR code to visit our website and see how the population of 32 islanders across generations put their Muck Boots to the test every day.
