

BUILT FOR ROUGH TERRAIN

THE APEX COLLECTION

THE APEX ZIP is built for hunters to move fast and with confidence on rough and variable terrain. The Apex is built with an innovative construction for high-endurance treks that require a more athletic and agile boot while still providing comfort and waterproof protection.

Additional colors and sizes for all genders online.

NEW ON DECK

XTRATUF®

OUR DECK BOOTS ARE LIGHTER AND GREENER

The Ankle Deck Boot collection is evolving. The **ADB Sport** is 30% lighter than the original ADB. It is built with a new high-performance foam that is ultra-durable and slip-resistant. This new non-marking Chevron outsole is SRC-rated and delivers the comfort and agility of a sneaker with long cushion life. Equally as durable, the **ADB Eco** is our new eco-friendlier Ankle Deck Boot. 100% waterproof and built with a **Yulex®** natural rubber neoprene upper. Both of these offer fresh new looks to the ADB family.

BUILT FOR LIFE'S GREATEST ADVENTURES

XTRATUF[®]

NEW PRINTS IN THE SALMON SISTERS[®] COLLECTION.

Featuring original designs inspired by their life on the water, the Salmon Sisters, Emma and Claire are fishermen raised in Alaska who embody hard work, dedication and commitment to community that make them XTRATUF. Salmon Sisters patterns are available in the 100% Waterproof Legacy Collection or Ankle Deck Boot Collection.

NEW PRINTS

AN EDGE ABOVE THE REST

EDGEWATER CLASSIC

6" ANKLE HEIGHT

This new height addition to our **Edgewater Collection** is built for those who love the great outdoors. This boot is lined with breathable mesh to improve air circulation with a self-cleaning outsole that excels in mud, snow, and dirt. Like the rest of the Edgewater Collection, this boot is **100% MUCKPROOF**.

FOR EVERY APEX AHEAD

THE APEX PRO COLLECTION

THE APEX PRO BOOT is 13" of protection packed with comfort and anti-slip technologies. Breathable air mesh lining facilitates air circulation for reduced heat and moisture, while the dual density footbed with memory foam improves comfort. The *Vibram® Arctic Grip A.T. Traction Lug* outsole is made for added grip on wet and dry surfaces, and improves traction up to 25%.
